

UNITED STATES PATENT NO. 3,397,012 to KREKELER

detent 89a/detent surface 90 extends in a radial direction past the external surface of the sleeve

The following recitation is not in Krekeler (see protuberance 89a/surface 90):

a split portion beginning at and extending in an axial forward direction from the rearward end wherein the split portion contains a slot so that the split portion is flexible in a radial direction, ... the split portion having an external surface that is uniform over the entire length thereof.
